

**These are comments from a few of the people I have worked with on both the buy and sell side. Let me help you have the same pleasant experience with results!**

*Cathy was introduced to us over 3 years ago. We were just out of college and into the work force, ready to be married and ready for life. Cathy showed us some terrific homes and discussed our options. She helped us realize maybe we weren't quite ready to be home owners. Fast forward 3 years- we now sit in front of our fire place with friends and family feeling safe, secure and most of all happy in our home. Cathy was there in the beginning to help us make the right decision, and she was there to help us find a home that worked with our budget, our schedule and our family. Purchasing our first home was a big commitment and we appreciated how she took time out of her life to become part of ours.*

*Dear Cathy, we wanted to say thank you so much for all of your help and hard work for our new home. We love it and couldn't have made it possible without you! You are a great realtor! Good luck in all of your upcoming sales. We will never forget you!*

*You were a wonderful person to work with! There were times that I felt like we would never sell, but you helped put things in perspective, and were always very helpful. I loved that you kept in contact, and were so flexible with your hours because of our schedules. I would recommend you to anyone I know!*

*You were fantastic to work with. You really went above and beyond in this case, making selling a home from thousands of miles away possible. I can't imagine that we would have gotten the same amount of help and dedication from any other realtor. Certainly we will give your name to our friends in the F-M area who are buying or selling homes! I can't thank you enough. I can't think of one single thing you could have done better.*

*Thank you Cathy for helping me through my first home buying experience! Being from out of town, I appreciated that you could meet us after hours or whenever needed. I appreciated your advice with the whole process, including closing and even afterwards, making sure everything was in place. Thanks again!*
